G1 - NEC Decisions for April 2019

Number of NEC Decisions for each Month
(Fiscal 2017/2018 - Fiscal 2019/2020)

Highlights:
- There were 31 Director’s Approvals in April, 2019 – approximately the same number as the previous fiscal year. The highest proportion of applications deal with residential development and accessory structures (21 applications) which included:
  - 6 applications involving construction of new dwellings
  - 3 applications for additions to existing residences
  - 5 involving demolition of an existing residence, and construction of a new, larger home
  - 5 applications for construction/addition to residential accessory buildings (e.g.; garage; storage building)
- One application involved agricultural development of a horse barn associated with an equestrian facility
- Recreational development (1 application) involved grading and site improvements associated with the Blue Mountain Resort
- Development involving fill and site grading (2 applications) were for an off-line pond repair, and construction of a driveway and retaining wall
- The southern portion of the Niagara Escarpment (Niagara, Hamilton, Halton and Peel) continue to have the highest numbers of applications (received and approved)
